FOR REAL PROS.

7th International Construction Machine &
Construction Vehicle Demonstration Show

MAWEV-SHOW 09

Wed, 25 - Sat, 28 March

Kottlingbrunn / Lower Austria

Experience construction machines LIVE!

www.mawev-show.at

MAWEV-SHOW 2009

Europe's largest demonstration event of the construction machines and construction vehicle industry.

Experience construction machines LIVE!

- Gain an overview of the latest **developments and trends** on the market!
- Get a view of **more than 1,000** of the most modern construction machines and construction vehicles!
- Utilise the unique opportunity to also **try out the newest devices for yourself!**
- Take advantage of the **unique contact platform** – from pros for pros! Nowhere else in Europe you will find such a density of offers and sectoral decision-makers in 2009!
- Europe's most exciting "construction site" in 2009: **200,000 m² exhibition space** in Kottingbrunn – **only 30 km south of Vienna!**

"Demonstration instead of mere presentation": According to this motto, construction machines, construction devices and construction vehicles from international manufacturers can not only be appraised at close range for the 7th time at the MAWEV-Show 2009, but also **tested live on the scene!**

Attention – new daily combination – Wednesday to Saturday

The show goes on for four days: **Wednesday 25, to Saturday, 28 March** – the turbocharger of the construction industry, far beyond the borders of the Alpine republic! The success of previous events will be carried on with a new organiser and venue.

The excavation, loading and driving demonstrations are again integrated into the corporate demo areas. The operation and testing of the exhibited machines and devices is only allowed in the presence of and with the consent of the concerned exhibitor, and takes place at one's own risk.

Optimal conditions at the new location in Kottingbrunn

- In the immediate vicinity of the A2 motorway exit
- Vienna-Schwechat or the Vienna Danube Harbour are only 40 km away
- Sufficient parking area capacities

Arrival

A2 motorway exit Baden or Leobersdorf (follow the guidance system)

GPS coordinates:

47° 57' 24" North

16° 15' 52" East

2542 Kottingbrunn

Approximation search word:

Flughafen Kottingbrunn

You will find detailed information at our website

Exhibitor's catalogue

Every visitor receives a free exhibitor's catalogue after submission of the completed visitor survey section or a sector-related visiting card at the construction leaflet stand, at the information centre, in the service headquarters or in the press centre.

As a service for you

- The trade fair management and the press centre are located at the main entrance
- You will find the trade fair information centre and the MAWEV Café in the centre of the exhibition hall
- You will be continually informed about the latest news regarding the mega show per video wall
- Culinary delights await you on approx. 1,500 m² of catering space: the restaurant with self-service and the VIP area connects with the exhibition hall in the north. There are also several snack stations.
- Trade fair information: cornelia.derler@mcg.at
siegfried.erker@mcg.at
- Press centre: sonja.travnicek@mcg.at
- Trade fair management: 0043 316 8088 - 0
